REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Sullivan:

I submit my first annual report as Superintendent of Schools. I will first make brief mention of the educational program in the state and the new school law which went into effect September 1, 1919, and then call attention to some of the most important needs and problems that call for immediate action.

In his address at the School Board Conference in Concord last October, Governor Bartlett said, among other things, "To equalize school opportunities, and then to raise that equalized level, has been the thought uppermost in my mind in recommending and stimulating a revision of the school laws. * * * * The sunlight of education must shadow no dark spots. It must shine with equal cheer and clearness in the poor kitchens under the far-off hills as in the rich and affluent centers."

The purpose of the new law is make such equalization effective. By this law an organization is provided which is to administer the school affairs of the state on ordinary business principles. State-wide supervision is made compulsory, and provision is made for standardizing all the schools of the state. A standard school is defined as "one (1) maintained for at least thirty-six weeks in each year, (2) in a suitable and sanitary building, (3) equipped with approved furniture, books, maps and other necessary appliances, (4) taught by an approved teacher, (5) directed and supervised by an approved

superintendent, (6) with suitable provision for the health and physical welfare of all pupils." The law also provides for "state-aid to towns in which a tax of \$5 on \$1,000 valuation does not yield sufficient money for maintaining such standard schools.

Such powers are given the State Board and its officers as are necessary to secure a degree of uniformity in procedure and in standards that will insure equality of opportunity to all the children in the state, and the duties of the superintendents in directing and supervising the work of the schools are defined; but the management of all school business in the districts is vested in the local school boards, with power to select the superintendent, teachers and other employees of the district, and to determine their salaries.

Among the requirements for a standard school, noted above, the fourth is now the most difficult to meet throughout the state, because of the shortage of teachers. Reliable information shows us that some twenty-two per cent of the teachers of the country have quit teaching in the past year. While there are many causes for this condition it is generally agreed that the chief reason is inadequate pay, and any measures that may be taken to recruit teachers, especially for the rural districts, will fail unless considerably increased wages are paid. I do not mean to imply that we should appropriate more money for teachers' salaries and then pay it to incompetent or poorly trained teachers, but we must be ready to pay the price when good teachers can be secured. If the district at its March meeting will vote an amount of money sufficient to cover a substantial increase in teachers' salaries the school board will then be in a position to retain good teachers longer and to take advantage of the first opportunity to secure well trained and competent teachers when changes have to be made. You were fortunate in having so competent and experienced a teacher as Mrs. Ware proved to be in the East school during the fall, and

her willingness to take the school and the practical patriotism she displayed in doing so should be, and I doubt not are, greatly appreciated.

Next to the need for increased salaries for good teachers, the most important problem is that of making the school buildings "suitable and sanitary." In preparing the budget to be submitted to the March school meeting we shall need to make a careful estimate of the cost of such alterations as may be needed to make the schoolhouses conform to the requirements prescribed by the State Board of Education. These alterations cannot be stated in detail until the Board issues the revised and permanent regulations, but we know that among the requirements will be the following:

1. Provision for windows on the pupils' left hand, or left and rear, only, and in area equal to at least one-fifth of the floor area of the school room; walls and ceilings painted or tinted a light color; and light colored curtains.
2. A jacketed heater with some provision for drawing fresh air from outside, and means of securing good ventilation without direct drafts on the pupils.
3. Floors put in good condition and oiled or treated in some other manner to keep down the dust.
4. New or remodeled outhouses, opening from the school-room or at least from within the school building and not opening from outside, with properly ventilated, fly-proof vaults and covered seats.
5. Good furniture and equipment.
6. Better facilities for washing, with soap and sanitary towels.

In conclusion let me say that while we have very little control over the supply of good teachers and may have to wait a year or more for that supply to become normal again, there should be no delay in providing the means for meeting these reasonable demands for the safety and comfort and health of

our children in school. The state has embarked on a program that is bound to have far reaching results in the long run in educating the future citizens, and we must all get behind it loyally and earnestly.

I have been greatly helped by the earnest cooperation of your school board and their interest in carrying on the work of the schools has made the performance of my duties a pleasure.

Respectfully,

VERNON S. AMES.

SCHOOL REPORT

To the Parents and Citizens of the Town of Sullivan:

We hereby submit the report of our schools for the year ending August 31, 1919, and would recommend such sums of money be raised as may be necessary to meet all school charges for the ensuing year and to meet deficits of the present school year, if any.

Note.—The budget submitted to the state board for approval has not been returned at this writing, so the amount of state aid is not yet determined exactly.

Estimates are being prepared of the cost of the alterations necessary to meet the requirements of the state board for the approval of schoolhouses. These will be ready to be reported at the March meeting..

LILA H. BRIDGE,
BESSIE V. BARRETT,
LESTON F. DAVIS,

School Board.

SCHOOL NO. 1

Teacher, Fall Term—Mrs. W. C. Reed.

Teacher, Winter Term—Alice N. Bradstreet.

LIBRARIAN'S REPORT

The numbers of volumes in the library are seven hundred and ninety-three. Twenty-one of them were given to the library. Five new volumes of Bible stories are a gift from Mrs. W. H. Preckle, a native of Sullivan, now residing in Keene.

Also twelve volumes of stories are from Mrs. Mary Piper, daughter of Lanmon Nims, and four from Rev. F. C. Hunt. Also the Saturday Evening Post for the year 1920 has been presented by Harry Nims of New York.

One hundred and eighty-four have been taken out by nineteen patrons.

Forty-five cents fines.

ANN S. NIMS,
Librarian.

REPORT OF HEALTH OFFICER

There have been seven cases of scarlet fever all of which were of a mild form which were the only cases of contagious diseases that required quarantine.

THE STATE OF NEW HAMPSHIRE

To the inhabitants of the Town of Sullivan in the County of Cheshire in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Town Hall in said Sullivan on Tuesday, the ninth day of March next, at nine of the clock in the forenoon to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To raise such sums of money as may be necessary to defray town charges for the ensuing year, and make appropriation of the same.
3. To see what sums of money the town will raise in addition to that required by law for building and repairing highways and bridges and take any action in relation thereto.
4. To see if the town will vote to accept the provisions of Chapter 117, Laws of 1917, on a section of the Cheshire Road so called and appropriate or set aside from the amount raised for highway work the sum of \$100.00 for this purpose.
5. To see what sums of money the town will raise in addition to that required by law for the support of the public library.
6. To see if the town will vote to pay for digging graves and going with the hearse.
7. To see if the town will vote to raise money for Memorial Day or take any action thereon.

8. To see if the town will vote to choose some person or persons to see about the destruction of the brown tail moth or take any action relating thereto.

9. To see if the town will vote to raise a sum of money to pay for breaking roads or take any action relating thereto.

10. To see if the town will authorize the selectmen to borrow money on the credit of the town.

11. To see what action the town will take in reference to the insertion of a set of Resolutions in the Town History expressing the appreciation of the town for the labor and money expended by Dr. Seward in preparing the History.

12. To see if the town will vote to purchase the road drag used in the west part of the town the past year, or one similar, or take any action thereon.

13. To hear the reports of agents, auditors or committees heretofore chosen or take any action thereon.

14. To transact any other business that may legally come before said meeting.

Given under our hands and seal, this thirteenth day of February, in the year of our Lord nineteen hundred and twenty.

ARTHUR H. RUGG,
HERBERT S. CURRIER,
FRANK L. RAWSON,

Selectmen of Sullivan.

A true copy of Warrant—Attest:

ARTHUR H. RUGG,
HERBERT S. CURRIER,
FRANK L. RAWSON,

Selectmen of Sullivan.

VITAL STATISTICS

To the Selectmen:
